Contract Negotiation Savings Challenge

Contract negotiations happen every few years and can be very stressful, especially for members that haven't prepared financially.

If negotiations fail to provide a new agreement that members are willing to accept and members also vote to strike, having prepared financially will help. It is better to prepare for the worst and hope for the best.

Here's the challenge: Pick any amount you can handle to make a commitment and save that amount each week.

\$25 per week for 52 weeks = \$1,300

\$50 per week for 52 weeks = \$2,600

Most importantly, *SAVE!*
